

Installation Manual

Brace for Midgard Winch bracket.

1.
Install the winch bracket
to the grate.

	<p>2.</p> <p>There are 4 bushings used for this assembly. Two of them are cut to fit the braces.</p> <p>Position the bushings with the smaller ones beneath the bracket.</p>
	<p>3.</p> <p>Assemble the hinged brace with bolts and nuts.</p>
	<p>4.</p> <p>Position the braces with bushings to the winch bracket.</p>

	<p>5. Use bolts with washers and nuts and clamp them into the bracket and grate.</p> <p>NB! In some cases, ribs in the grate have to be cut away for the bolts to fit.</p>
	<p>6. Showing the bolt positions.</p>
	<p>7. Finished.</p>
